

## Appendix C Other Tejkowskis

The Tejkowski name is somewhat rare. In fact, today only 30 people in Poland bear the surname. The majority are distributed in the following powiati (counties) or cities: Torun city (5), Bydgoszcz city (5), Nowy Sacz city(4), Ryki (3), Olsztyn city (2), Saw (2), Krakow city (1), Warsaw (1) and Chelmno (1).<sup>1</sup> The contiguous Torun city/Bydgoszcz/Chelmno region is quite close to both Lisewo and Płowęż and thus a relationship of some of these Tejkowskis to the Lorenz/ Wawrzyniec Teykowski/Tejkowski s plausible.

It would be a mistake to assume that a common surname necessarily implies a familial relationship. However, when other factors, such as geographic proximity, serving as marriage witnesses or baptismal godparents coincide, the likelihood of a relationship increases significantly.

Below are some people bearing the Tejkowski surname who have been discovered in the course of research. Nothing is known of their relationship to the Lorenz/ Wawrzyniec Teykowski/Tejkowski family line. The list is included here as an item of interest, and also as a source for further research.
